Dyslexia Scotland Young Ambassadors

Words 'jump around' the page when I'm reading and I lose my place

It's not just about spelling. I am happy if I'm given something to build.

I'm good at speaking but find it much harder to write ideas down

What is Dyslexia...?

Copying from the board is hard

I get sore eyes, headaches and feel really tired after school

I find it hard to follow instructions - it can take a while for something to 'click'

He can be very creative and find lots of solutions to challenges
